# WARNINGS

**SOCIAL  
CLASSIC**

## EMERGENCY NUMBERS

**EVENT EMERGENCY NUMBER:** 0447 182 425

**EVENT HOTLINE:** 0447 463 614

*Riders must enter these numbers into their phone before the event*

**NOTE: ROADS ARE NOT CLOSED TO TRAFFIC. YOU MUST ALWAYS FOLLOW NORMAL ROAD RULES.**

As you depart out of the start area and head towards Boreen Point, this route will be sign posted with 45km Social Classic arrows to direct you around the course. The first road that you have to travel on is McKinnon Dr. This can be a busy road so please remember to keep left at all times.

At the end of McKinnon Dr you will be turning left onto Louis Bazzo Dr. Please take care when crossing this intersection, traffic controllers will be in place to assist with this intersection. Please remember that the roads are not closed, and you always have to follow the road rules.

Heading along Louis Bazzo Dr the course will turn left onto Junction Rd, here you head through some farm land on the lake flat loop.

After about 7km you will turn on to Lake Flat Rd and head towards Boreen Point.

At the 26km point the course will veer left onto Woongar St, then left onto Orchard St to take you down to lake front. Here on the lake front there are some cafés that offer tea and coffee if you would like to stop and enjoy the view.

If you continue on the course you will start the climb up on Vista St and then left onto Laguna St. Here is another café and a little further down Laguna St there is the famous Apollonian Hotel on the left.

Keep heading on Laguna St and turn left into Louis Bazzo Dr to head back towards the finish.

At the 32km mark you will turn left onto McKinnon Dr and now you are on the home stretch to the event village. Only 14km to go!

Remember to keep left on McKinnon Dr as vehicles may be travelling up to 100km/h. At the end of McKinnon Dr head straight through the roundabout and turn right into the finish straight on Goodwin St. Head under the finish arch and straight towards the event village for some well-earned lunch and a beverage!

We have created a risk rating scale for hazards on the Noosa Classic course. Always ensure you are in control of your speed and bicycle as you pass through any sections with a marked risk rating:

**1/5: low risk**                      **4/5: moderate-high risk**

**2/5: low-moderate risk**   **5/5: high risk**

**3/5: moderate risk**
